

Free Factory Upgrades for Existing PowerShells

This program is designed to allow current owners of the Z1 PowerShell who purchase an Extended Life Battery to get their PowerShell upgraded so they can use and charge the **NEW** Extended Life Battery.

The program applies to PowerShells that were manufactured prior to year 2018, Lot # 06. To determine eligibility, remove battery from the PowerShell and refer to serial number inside of PowerShell.

Example: 201800006008
Year Lot

Note: PowerShells manufactured *after* this lot *do not* need to be upgraded. Original Z1 batteries will still work with the upgraded PowerShell.

To get the free upgrade, complete the form below and return the PowerShell and form to:

Human Design Medical
Attn: PowerShell Upgrade
16 Esquire Road
Billerica, MA 01862

If this information is not provided, we will not be able to return the PowerShell.

Please, make sure you properly protect the PowerShell for shipping and make note of your serial number for tracking purposes.

If you have any questions, please call customer service 855-436-8724 ext. 110.

This program may be changed or modified at any time.
